CHRONOGRAPH WATCHES,

OF A NEW AND IMPROVED SYSTEM.

WE have just received a consignment of NEW RACE OR CHRONOGRAPH WATCHES which for durability, accuracy, precision, and convenience leave nothing to be desired.

The Chronograph hand is in front of the watch over the hour and minute hands. The cases are extra strong, with a solid cover on the back and a glass inside to protect the work.

The general objections to the Chronographs with second hand and glass on the back were that those glasses often broke, and each time necessitated a cleaning ; that the glasses did not thoroughly protect the works from dust ; and that to move the regulator it almost required the help of a watchmaker.

All these serious drawbacks of an otherwise good watch have been avoided in the construction of our new and improved Chronograph watches.

COMMERCIAL INTELLIGENCE

MONDAY EVENING, AUGUST 6.

THERE has been a slight improvement in business since we last wrote, although the reported transactions are still on a small scale. The two lines of railway are now open for traffic, and fair quantities of Wheat and Seeds are arriving daily; prices, although still above the level of the home markets, are gradually giving way, and when the bulk of the freight engagements have been met, a further drop seems inevitable. Freights are decidedly firmer, 22s. 6d. being the present rate for Wheat to Liverpool *via* Canal, and 22s. 6d. to 23s. 9d. for Cotton. There is not much business doing in the latter, but signs of revival are apparent, the home markets showing a better trade demand. For forward loading to U. K. or Continent business might be practicable at 30s., but the quarantine regulations now in force tend to make steamship owners cautious. Cholera has been pronounced a "Mild Epidemic" in this city, and recent returns show an increase in the number of deaths. Now that a change in the weather has taken place, it is to be hoped we have seen the worst, but it must be borne in mind that there is a great want of accommodation for the poor, and until some improvement takes place in this respect, we cannot expect to see cholera eradicated. The Spinning Mills, Docks, and other public works have attracted large numbers of labourers to Bombay, and in many cases their homes are of the very poorest description. The improvement in Grey Piece-Goods continues; fair quantities are being taken for the up-country markets, seeing that transit by railway has been resumed. This added to the favourable character of the monsoon leads us to hope that the stagnation which existed for several weeks is now a thing of the past. In the Money market the easy feeling has been further pronounced; the Bank of Bombay's official minimum rate remains at six per cent., but in the bazaar accommodation can be had on first-class securities at considerably less; Government Paper is weaker, and we cannot look for any improvement until the result of the New Loan is known on the 14th instant; some descriptions of shares are again higher; speculation in Mill stock is becoming keener, particularly in one concern which has not paid a dividend for years, and the shares which stood at Rs. 470 early in January have been run up to Rs. 695; and this two in the face of a statement that the production of local Cloth is in excess of the offtake, and that "at the end of each year there has been a balance of about 30,000 bales in stock." Spinning, however, has paid well, and the result of the past half-year's work has been in most respects highly satisfactory. Exchange, after a few fluctuations, closes quiet but steady, at about the rates current seven days ago.

MONEY.—The Bank of Bombay's return for the week ending on Saturday the 4th instant shows the following alterations :—

	Amounts.	Increase.	Decrease.
Public Deposits at H. O.	Rs. 36,44,913	Rs. ..	Rs. 7,07,737
Do. do. Branches	,, 23,73,171	56,985 ,,	..
Other Deposits	,, 1,98,72,706	,, 14,40,396 ,,	..
Cash Credits undrawn	,, 4,62,483	12,677 ,,	..
Govt. & other Authorised Securities	,, 59,73,277	.. ,,	,, 3,37,918
Cash Credits on Security of Govt. Paper, Bullion and Merchandise	,, 13,07,463	.. ,,	,, 22,809
Loans	,, 65,65,876	.. ,,	,, 4,70,472
Bills Discounted	,, 1,10,61,812	4,11,816 ,,	..
Cash with Correspondents	3,92,148	21,244 ,,	..
Cash & Currency Notes	,, 1,31,76,831	,, 11,99,752 ,,	..

Owing to the improvement in the Deposits, the Cash Balance has risen to 131½ lakhs, an increase of nearly twelve lakhs when compared with the former week. The falling off in the loans is nearly met by the increase in the bills discounted. There has been no alteration made in the official rates for accommodation since we last wrote. In the bazaar money can be had on good securities at four per cent. The following are the closing quotations for bills on Calcutta:—Sixty days' sight Rs. 99½ ; thirty days Rs 99⅝ ; demand Rs. 100⅛.

EXCHANGE for the mail opened quiet on the basis of 1s. 7 7-16d. for demand Bank bills, and 1s. 7 23-32d. for three months' Credits, and these rates were current up to the close of business on Wednesday evening. On Thursday the report that the Government telegraphic transfers had been taken up at 1s. 7 7-16d. led to a former feeling, and a partial 1-32d. advance was established. The following day a quieter tone set in for ready bills, although quotations remained much the same as on the previous day. For forward delivery, however, there was rather more disposition to sell, and transactions up to the end of December were reported in telegraphic transfer at 1s. 7 7-16d., with the option of demand at 1s. 7 15-32d.; for early next year 1s. 7½d. telegraphic was done. Saturday is generally a slack day, and the business done was unimportant. At the time we write there is a quiet but steady feeling for both ready and forward paper, the following being the current quotations :—

[illegible] demand	1s. 7 15-32d. to 1s. 7½d.
[illegible]ransfer	1s. 7 7-16d.
[illegible] Months' Sight	1s. 7 ½d.
do.	1s. 7 23-32d. to 1d.
do.	fcs. 2·08½.

[illegible]ess reported during the week has [illegible]ills for forward delivery, at about [illegible]ioned above. There has been no change whatever in the price of Bar Silver, and the specie shipments for the East consist of £70,000 in Silver and £20,000 in Gold to Bombay, also £60,000 in Silver to Calcutta. As regards the immediate future of Exchange we have no new phase to report, but the prospects for next season are favorable, there being every likelihood of a good crop and consequently large exports.

GOVERNMENT PAPER.—The tendency has been gradually but steadily downward throughout the week, and the business done unusually small. Rates show a fall of ¼ per cent. in Fours and ⅛ in Fours-and-a-half. We quote Rs. 98⅜ for the former and Rs. 103¾ for the latter.

SHARES.—Bank of Bombay shares are weak, and have fallen to Rs. 737½ or Rs. 12½ per share. In Land Companies, Colaba have improved to Rs. 830, but Port Cannings have given way to Rs. 347½ per share. There has been very little done in Press Securities. Transactions have taken place in Berars at Rs. 617½ to Rs. 610; Akbars at Rs. 1,100 to Rs. 1,110; Bombay Cottons at Rs. 825 to Rs. 840; Forts at Rs. 2,850 to Rs. 2,875; Mofussils at Rs. 455 to Rs. 452½; New Indians at Rs. 231½ to Rs. 232½, and Sinds at Rs. 540. Mill shares were quiet in the beginning of the week, but a speculative demand soon set in, and rates have risen considerably in many instances, Dhurumseys, however, after touching Rs. 720 close weak at Rs. 695. Framjee Petits have advanced to Rs. 970 or Rs. 70 per share. Sales are also reported of Albert Edwards at Rs. 555; Alliances at Rs. 955; Coorlas at Rs. 945; Empress at Rs. 890; Gordons at Rs. 815; Hindostans at Rs. 1,165; Hydrabads at Rs. 1,300; Jewraz Balloos at Rs. 1,240; Khataos at Rs. 1,125; Malahulkshmis at Rs. 1,005; Manockjee Petits at Rs. 1,445; Morarjees at Rs. 1,570; New Great Easterns at Rs. 1,095; Orientals at Rs. 775; Parells at Rs. 400; Prince of Wales at Rs. 322½; Sholapores at Rs. 1,605 ex.-div.; Soonderdas at Rs. 1,010; Southern Indias at Rs. 550; and Western Indias at Rs. 1,070. Bombay and Burmah Trading shares after rising to Rs. 3,925 close quiet at Rs. 3,900 for the original and Rs. 775 for the new issue. A few shares in Treacher and Company, Limited, were taken up at Rs. 1,140 per share.

GREY GOODS.—The market has been steady throughout the week, and a fair business has been done, chiefly on account of up-country merchants. The demand, however, has been freely met by native importers whose holdings are still large, and prices in consequence show little or no change. Buff End Madapollams are scarce, and command full prices. *Local Manufactures* are dull and devoid of animation, and stocks are accumulating. Further outlets are being sought, and it has been suggested that a special agent should be appointed to look after fresh markets. *Grey Yarns* are dull in sympathy with home advices, and prices generally rule in favor of buyers. *Local Makes* are weaker, the reports from China being less favorable.

METALS.—*Copper Braziers* remain dull at Rs. 45½ per cwt., and *Yellow Metal Braziers* at Rs. 35½ to Rs. 35½ per cwt. on the spot. We have not heard of any transactions to arrive.

COALS are quiet, and in the absence of transactions prices are purely nominal.

KEROSINE OIL is weak. A cargo of about 44,000 cases per "Herat," to arrive, has been sold at Rs. 3½ per case alongside.

COTTON.—For the greater part of the week our market remained quiet, notwithstanding the firmness advised from Liverpool and America. At the close, however, there is rather more enquiry, and prices have advanced about Re. 1 per candy. The transactions reported have been chiefly on account of the local Mills, but a few lots of Oomrawuttee, Dhollera, and Westerns have been taken up for export at current prices. In the New Crop, a few transactions are reported in Good Machine-Ginned Broach, March delivery, at Rs. 196 to Rs. 198 per candy F. P. B.; Good Julgaum for same month Rs. 165. The *New Crop* is reported to be progressing favorably throughout the growing districts. The break in the weather is now pretty general. In Akola there has been dry and sunny weather for upwards of a fortnight past, and the new plants are said to be in a thriving condition. There are no signs of the rain setting in again, nor is there any necessity for such for another week, as the land in the low parts seems to have absorbed sufficient moisture. Fortunately there has been no appearance of locusts there so far. Should the weather at the latter end of September be fair, a speedy crop is expected. From Guzerat and the surrounding districts reports are of a favorable nature, and the young plants there are in excellent condition.

The movements of Cotton to date show the following comparisons with the two previous years :—

WHEAT has been quiet in sympathy with the nature of home advices, and only a moderate business has been transacted at reduced prices. Traffic being now re-opened, there is a gradual increase in the supplies from the interior and a better selection is obtainable in consequence. We quote :—White Pessie No. 1 Rs. 32½ to Rs. 33 per candy; Yellow Rs. 27½ to Rs. 28; Luskari Rs. 26 to Rs. 27½; Catha Rs. 24 to Rs. 24½.

Linseed.—The improvement in the demand advised last week was short lived, for with quieter advices from home, exporters are operating sparingly. This, however, led to a reduction in the price to Rs. 5-10 per cwt., at which a number of transactions took place. The feeling at the close is firm, and Rs. 5-10½ per cwt. is now asked by native dealers.

Rapeseed opened quiet, but with the improved tone of the market at home a better enquiry sprung up, and prices have advanced about 3 annas per cwt. The closing quotations are :—Guzerat Rs. 7-11 to Rs. 7-12 per cwt.; Cawnpore Rs. 7-5 to Rs. 7-6. A sale of about three thousand cwt. of the former (new crop) for December delivery is reported at Rs. 7-4 per cwt.; some Brown Cawnpore has been done at Rs. 6-2 to Rs. 6-4, delivery in a month's time.

Gingelly Seed.—A few purchases of New White Seed for November-December delivery are reported at Rs. 36 per candy. Nothing doing on the spot.

Poppy Seed has been done to a small extent at Rs. 5-14 per cwt.

THE HOMEWARD MAILS.

MR. PARKER, Agent, P. and O. Co., informs us that the Bombay mail of the 17th July was landed at Venice, and forwarded to London on Sunday afternoon.

COLONEL BARTON, Political Agent in Kattywar, reports in a letter to Government, dated Rajkot, August 1, that a shock of earthquake, accompanied by a rumbling noise, was felt at Navagadh, a Junagurh village near Jetpore, on Sunday, the 29th July, at 3-15 p.m. The wave travelled from east to west. No damage to life and property occurred, except that a man was killed by the falling of a house.

THE G. I. P. Railway Traffic Manager announces to-day that through booking for all descriptions of traffic over that line to Jubbulpore has been resumed. So the serious break made by the floods beyond Bhosawal has been repaired.

SIR CHARLES AITCHISON, Lieutenant-Governor of the Punjab, has been pleased to rule that all Fellows of the Punjab University shall be entitled to a seat in the Viceregal Durbar.

THE *Bombay Guardian* says that the S. P. G. have a Mission at Tamatave, with 8 preachers, 143 communicants, and 561 adherents. The London M. S. have a Mission there and at out-stations, with 97 native preachers, 496 communicants, and 9,136 adherents. The Rev. Mr. Shaw, imprisoned by the French, belongs to the latter Society.

A CORRESPONDENT of the *Rangoon Gazette*, in announcing the arrest of two men who are supposed to have been implicated in the murder of six men at Tavoy, says both the prisoners protest that they are innocent, but accuse each other of having committed the crime. One of them is a Burman named Shoy Gho, for whose arrest Government had offered a reward of Rs. 300. He has kept himself concealed in a thick jungle near his own house, but was at length driven from his lurking place by a Burman employed in the Forest Department, and was arrested by the police a few days afterwards. The Burman got Rs. 100 of the reward, the remainder being divided amongst five others.

APPLICATION was lately made by a native Assistant Surgeon in the Punjab for leave to go to England, at Government expense, to study medicine and surgery. The Lieutenant-Governor was unable to sanction this, the Lahore paper says; but His Honour observed that he would be glad to learn that natives of independent means were disposed to avail themselves of the advantages of an English medical training. At the same time, His Honour took the opportunity to record his opinion that native students in the Medical Department had attained a degree of proficiency quite unequalled in any other scientific profession in the Punjab.

A PROPOSAL has been laid before the Punjab Government for the construction of a telephone line between Dharmsola and Palampur; at a cost of Rs. 1,000 per annum, half being guaranteed by the Planters' Association, and half by Government. The Government is unable to make this grant from provincial revenues, but has inquired whether the district committee is prepared to guarantee the amount.

WE believe the Mr. Macmillan spoken of in the following complimentary paragraph from the *Indian Mirror* is a brother of Professor M. Macmillan, of the Elphinstone College:—

"Mr. A. Macmillan, M. A., who is related to the members of the well-known publishing firm of Messrs. Macmillan and Co., and who, with Mr. Kisch, late Under-Secretary to the Government of Bengal, has lately been called to the Bar, was Under-Secretary to the Government of the North-Western Provinces under Sir William Muir's *régime*, and is at present the Superintendent of Family Domains of the Maharajah of Benares. Mr. Macmillan is an able competition-wallah, and is well spoken of in the North-Western Provinces. He stood third in the competitive Civil Service Examination in his year."

THE Forest Department of the Punjab is making an experiment in ensilage in Changa Manga; and has been asked, also, to try what can be done in this way in some hill division. The collection of papers on ensilage, compiled by the Commissioner of Agriculture, is to be circulated by Deputy Commissioners; and it is suggested that experiments should be made in certain selected districts, at the expense of district funds.

NOTICING a statement of the *Turkestan Gazette* that the Russian Government are about to construct a telegraph line to Bokhara, the *Englishman* remarks that "the extension of this line along the Oxus to Afghanistan and through that country to Peshawur, would not present any great difficulties if the Russian and Indian Governments thought fit to combine to do the work. The extension is destined to be made some day, and will have the advantage of connecting India with Europe by means of a telegraph line which would be overland throughout its entire length."

A NATIVE correspondent, dating from Meerut the 30th July, favours the Lucknow paper with the following interesting and original communication:—"On Saturday night, 28th instant, the wife of a khitmatgar here delivered 2 babes and one baby. The mother, with three youngsters, are still in better condition."

"IN October next," says the *Athenæum*, "we may expect another Indian poem by Edwin Arnold, author of the 'Light of Asia.' It will be composed of the following idyls from the Sanskrit of the 'Mahabharata':—1. 'Savitri; or, Love and Death;' 2, 'Nala and Damayanti;' 3, 'The Enchanted Lake;' 4, 'The Saint's Temptation;' 5 'the Birth of Death.'" Messrs. Trübner and Co., the publishers of the work, are preparing for publication during the ensuing season an illustrated edition of the "Light of Asia."

THE Lord Mayor will entertain Her Majesty's Ministers at dinner at the Mansion-house to-morrow, Wednesday, August 8. The date was fixed after consultation with Mr. Gladstone.

A LONDON correspondent of a Calcutta paper, says:—This is confirmation time. The Bishops in the several dioceses in England are going the round of the churches performing this Christian rite. We have in our suburban parish, a very high and very "low" church, with various intermediates. The high church confirmation took place on Monday. The candidates were not so very numerous. The priest at the "high" church must have a keen sense of humour. He told the young women of his class, in one of his lectures of preparation, that they might not covet anything on earth except their neighbour's sons! This is positively true.

THE *North German Gazette* states that owing to the state of Prince Bismarck's health, the greatest care and complete rest will be necessary for a long time.

THE trial of Canon Bernard, who is accused of breach of trust in absconding with about 5,000,000f. worth of property belonging to the Bishop of Tournay and other persons, and taken from the episcopal palace at Tournay, has been fixed to commence before the Correctional Tribunal of that city.

THE elaborate statement of Mr. W. Pickering in the *Morning Post* of July 13, as to the danger from lightning is not very comforting to those who must needs do their work without regarding thunderstorms. You are comparatively safe, sitting on a hearth-rug, and absolutely safe if you case yourself in metal armour, lie on an iron bedstead, or get wet through in the open air.

A DUEL was fought at Buda-Pest on July 7, between Count Theodor Andrassy, son of the ex-Austrian Minister, and Count Paul Festetics, the cause being a quarrel on some scientific point connected with the works of Darwin. Count Theodor Andrassy was severely wounded, his antagonist also receiving a slight wound.

AT a meeting of the Irish parliamentary party held on July 9, a letter was read from Mr. O'Donnell resigning his connection with that body. The resignation is reported to have been accepted unanimously and without any expression of regret.

THREE members of the exploring party conducted by Mr. H. M. Stanley recently joined the Bonny steamer at Loango. They were all in an emaciated condition from the privations they had endured; and one, an Austrian, died before the steamer reached Madeira in spite of the care of the ship's doctor. The survivors stated that they were bound to secrecy as to their exploration work until the result is communicated to the Belgian Society, under whose auspices the expedition was equipped. M. de Brazza, the French explorer, is reported to be at work, and to have established encampments in the neighbourhood of Gaboon and Loando and up the Agoa River.

MR. JACOB BRIGHT was right, *Truth* thinks, in urging that Mr. Mason shirked the real issue in his Resolution in regard to Woman's Franchise. "If his arguments were worth anything, he should have insisted that the franchise should be sex-less. Why are spinsters and widows better entitled to it than married women? Why is a husband to act as an electoral disqualification, like a pot of beer corruptly given? I am by no means clear in my own mind that any large number of women are particularly eager to have votes. Argue as we may, there is, and there must be, some distinction between the sexes, and there are many employments which are fitted for the one sex, and unfitted for the other. A woman could hardly be a railway guard, and a man could hardly be a maid-of-all-work. We must not confuse things which in their very nature are distinct. There are women, no doubt, who are in every intellectual sense the equals of intellectual men; but, as a rule, the fair sex is emotional and easily influenced. The majority of them are Conservatives, and my impression is that, if they had votes, we should have Conservatives in power for the next twenty years."

A SINGULAR story of the finding of French bank notes of a value equivalent to upwards of £24,000 sterling is told in an Italian newspaper. The finder was a poor sailor employed on board an Italian ship which was a good deal knocked about by rough weather during a voyage from Venice to Philadelphia with a cargo of marble. During the storm some of the rag packings used in stowing [illegible] displaced, and Antonia Luggi, [illegible] possession of a ragged jacket [illegible]. At the conclusion [illegible] Philadelphia, he noticed [illegible] face of a [illegible] that appeared to be paper in the sleeve [illegible] jacket, and on ripping up the lining he found [illegible] bank notes, perfectly good but in some instances a little dilapidated, to the amount of 620,000 francs.

THE anniversary of the death of General Skobeleff has been attended by a scandal provoking widespread indignation in Russia, and causing a disgraceful scene over his grave. The deceased commander, as is well known, was an extremely charitable man, and spent a large sum annually in supporting almshouses, pensioning soldiers, and providing for the orphans of many of his brother officers. Simultaneously with his death his steward, Gospodin Masloff, went out of his mind, and in the confusion that followed, the General's will, in which he was known to have bequeathed to charities a large proportion of his wealth, estimated at £250,000 sterling, mysteriously disappeared. Under these circumstances, the Press of Russia is of opinion that the family ought to have fallen back upon this letter which Skobeleff wrote from Geok Tepe to a friend at St. Petersburg, in 1881, disposing of his property in the event of his death during the siege. Whatever opinion he held upon this point, it is clear that the family have been in the wrong in appropriating and dividing the property without any reference to the probate authorities at all. All his support to objects of charity was cut off, and his written engagements repudiated, and no exception was made in favour of two Turkish boys he had picked up on a Bulgarian battle-field, and placed in a Moscow school to be reared at his expense. Finding he could get no money from the Skobeleff family, the proprietor of the school, after keeping the boys nine months at his own expense, turned them into the streets. There they were discovered half-starved by a gentleman who took them home and exposed the matter in the St. Petersburg Press. The incident provoked deep indignation among Skobeleff's friends, and when the remembrance service took place over his grave on July 7, his sisters and their husbands, who had shared the property, were insulted in church; and immediately afterwards the whole of the friends and deputations departed without breaking bread under their roof.

THE following is the programme for the first voyages of the troopships next season, outwards and homewards, *viâ* the Cape. They will leave Portsmouth in this order:—Malabar, on 4th September, with drafts; Euphrates on 8th September with A. D. and F. Batteries 1st Brigade and Artillery Drafts; Jumna, on 12th September, with 1st Battalion Royal Irish Fusiliers; Serapis, on 14th September, with E. Battery 1st Brigade and 3 Batteries Scottish Artillery. They will leave Bombay on the return voyage, the Malabar on the 3rd, Euphrates on the 7th, Jumna on the 15th and Serapis on the 20th November.

USING INSUBORDINATE LANGUAGE TO A COMMANDING OFFICER.—At a District Court-martial held at Bellary on the 24th ultimo, and of which Lieut.-Colonel J. W. Swifte was President, Driver Albert Wesley, of the R. Battery 1st Brigade, was charged with having at Bellary on the 9th idem, when awarded the punishment of confinement to barracks, and on being warned by his Commanding Officer, Major H. B. Kingscote, that should he again be guilty of a similar offence, he would be tried by Court-martial, insubordinately replied: "You can try me now by court-martial for all I care." The prisoner, who is a very young soldier, scarcely twenty years old, expressed deep contrition for his offence, and pleaded in extenuation, and in mitigation of punishment, that the insubordinate language was thoughtlessly spoken, and escaped his lips before he was aware of what he was saying; in consideration of his previous good character, the court sentenced him to only eighty-four days' rigorous imprisonment, which sentence has met with the approval of Brigadier-General W. A. Gib, C. B., commanding the Ceded Districts.

TELEGRAPHIC WEATHER REPORTS.

SIMLA, August 4.—During the past day there has again been little change. The barometer has given way slowly except in the south of the Peninsula and over Burmah, and the readings are below the average. A ridge of relatively excessive pressure spreads across Rajputana towards the Punjab, and apparently has the effect of turning the wind toward north-west over North-Western and Central India. In consequence, the weather over these two regions remains dry, and even in the localities where rain has fallen the amounts, are comparatively small. Rain to-day:—Benares, 3 inches; Silchar, Goa, Akyab, Tenchoo, and Moulmein, 1 inch; Hazaribagh, ½ inch. Previously:—Naini Tal, Mirzapore, and Nowgong had each 1 inch; Fyzabad, ½ inch.

August 5.—The Bengal depression has disappeared, and the barometer has risen at a few stations. Elsewhere there has been a general fall but without much affecting the general distribution, so that the conditions over Northern India remain in the same unfavourable state. The wind is westerly almost everywhere, the local easterly breezes in Bengal having disappeared. The weather is fine and dry over the Punjab, the western half of the North-West Provinces, the Central Provinces, and Madras; cloudy and dry in Bombay; and even where rain has fallen, viz., Bengal, the south of the Peninsula, and Burmah, the amounts are light. The fall at Rawalpindi is 4 inches; Lahore, 5 inches; Bareilly, 12 inches behind the average. Rain to-day:—Simla, Chittagong, Gopalpore, Mercara, and Akyab, 1 inch. Previously:—Mirzapore had 2½ inches; Naini Tal, 2 inches; Jounpore, ½ inch.

HEAVY RAIN IN OUDH.—Whatever may be the state of affairs meteorological in other provinces, Oudh is having a something more than proportionate share of moisture. On Thursday, however, the heaviest downpour of the season occurred, and for an hour or more the rain came down in veritable sheets,—for all the world as if a waterspout or two (let us say a dozen) had discharged their contents right on the top of us. Lucknow is within very measurable distance indeed of the full annual average of rain it is considered entitled to, according to weather statisticians. The total measurement to date is about 31 inches.—*Lucknow Express.*

A JUVENILE THIEF.—Tookia Rama, a boy aged twelve years, employed at the European General Hospital, was yesterday convicted by Mr. P. Ryan of stealing a purse containing Re. 1-4, the property of Rama Jeena, a servant at the same hospital. He was ordered to be sent to the Sassoon Reformatory.

ALLEGED FRAUDULENT DEALERS.—Inspector Collett appeared yesterday before Mr. P. Ryan and obtained summonses against Crishna Tricum, a grocer, and ten other retail dealers in grocery, &c., having their stalls in the Fort market, charging them with having in their possession false scales and weights.

AN OLD OFFENDER.—Ebrahim Hoosein was yesterday convicted by Mr. P. Ryan upon two separate charges, of the theft of clothing of the value of Rs. 6-8, belonging to two persons. The prisoner being an old offender, was sentenced to an accumulated term of twelve months' rigorous imprisonment.

THE GOA SALT CONTRACT.—No reply having yet been received from the Lisbon Government, to whom the question of the salt contract between the proprietors and the British Government was referred, the former are in anxiety, especially as the accounts for the past year are awaiting settlement according to that decision.

A LEPER AS A BUGGY-DRIVER.—Allykhan, a Mahomedan, was tried yesterday, before Mr. Dosabhoy Framjee, on a charge of endangering public health by allowing a leper to ply his buggy for hire in the public streets. Inspector Millard informed his worship that the leper was a most loathsome sight to behold. His worship fined the accused Rs. 10.

A DOUBLE CHARGE.—Rama Dajee was yesterday convicted by Mr. P. Ryan upon two charges—one of stealing four bottles of soda-water, valued at 10 annas, from the liquor-shop of Merwanjee Fakeerjee, at Warree-bunder; and the other of having in his possession a quantity of wheat, valued at 8 annas, reasonably suspected of being stolen or fraudulently obtained. He was sentenced to an accumulated term of four months' rigorous imprisonment.

HOUSEBREAKING AND THEFT.—Bajeebhoy Vullebhoy, a Borah having a native confectionary shop at Bhendy Bazaar-road, has reported to the police that on the night of the 4th instant his shop was broken into, and gold and silver ornaments and cash to the value of Rs. 1,900 stolen.—The house of the widow of the late Hajee Ismail Hajee Habib, at Love-lane, Byculla, was broken into on Sunday night last, and gold and silver ornaments, currency notes, and cash to the aggregate value of about Rs. 15,000 were stolen from a glass cupboard which had been forced open. The detective police have been deputed to assist the executive police in instituting inquiries into the matter.

THE LOCUST PLAGUE.—Whereas some 20,000 such screens as were used in Cyprus (where, by the way, 60,000 were not found too many) are required speedily and effectually to rid the country infested of their baneful presence, only a paltry 200 are employed, and have all along been so employed. This is a fact of which we are assured. Very much harm, therefore, that might have been originally prevented has in effect been actually permitted, and though it is proverbially worse than useless, as a rule, to cry over spilt milk, the milk, in this special case, will have to be paid for, as its overtasting might easily, had due precautions been taken timeously, have been anticipated successfully. The locusts of the younger generation are thriving amain, since, like ill weeds, they must grow apace, and though they may be incapable of doing much harm now, they will soon develop their "bumps of destructiveness." Mamlatdars and others of that ilk are, as a rule, perfectly useless, and cannot, speaking in general, be seriously depended upon. They hear complaints on all sides, but they seem to pay no earnest heed to them, and the young locusts will eventually grow to prove themselves obviously voracious as their progenitors.—*Deccan Herald.*

OFFENDED DIGNITY.

A MAHOMEDAN buggy-driver was charged yesterday, before Mr. Dosabhoy Framjee, with reckless driving, at the instance of a police jemadar.

The accused denied the charge, adding that as the prosecutor would not move out of the way, though called upon to do so, he struck, not his person, but his umbrella with his whip. The jemadar was then in plain clothes. If he (the accused) had known at the time that the man was a police officer, he would not have raised his whip to him.

The jemadar, in his evidence, said that he asked the accused, who was driving very fast, to go slowly. He then tried to cross the road, whereupon the buggywalla gave him a cut with his whip.

The magistrate said he did not understand how the prosecutor dared to cross the road, if his statement were true that the buggy was going very fast. The accused was therefore discharged.

MATRIMONIAL INFELICITY.

AT the Girgaum Police Court yesterday, Mr. A. B. Duggan appeared before Mr. Dosabhoy Framjee to answer a charge of assault preferred against him by his wife Catherine Duggan.

Mrs. Duggan said she was assaulted by her husband on the 21st July, morning, noon, and night. "It might be supposed," she continued "that he only gave me a slap, but it was more than a slap, I will bet." Here the witness bared her arm, to show the effects produced by the blows alleged to have been received from her husband. She then said:—"If you wish me to take off my veil, I will show you my eyes, where I was struck. Mr. Duggan struck me with his fist, and with these boots." The witness here took off one of her shoes and showed it to the magistrate.

The magistrate asked if she wore the shoes at the time of the assault.

Mrs. Duggan.—Yes, but he took them off after I had fallen. When the assault commenced there were my four children and the cook in the room. The prosecutrix added that after being assaulted, she fell, and remained in an insensible condition on the floor from six o'clock in the afternoon till seven. A G. I. P. Railway apothecary was called in, in whose presence she was again struck.

The magistrate.—Is he summoned?

Mrs. Duggan.—I don't see why I should bring him here, every time I have a fall. (A laugh.) I will bring him, sir, if you want him. The prosecutrix then made a statement, alleging that her husband had thrown her down again, caught her by her hair, and bumped her head on the floor. She added that her husband had left home with the children since the 31st ultimo, and that she had had to live in the refreshment room below during the day, and sleep in the garden at night. Continuing, she said that her husband accused her of writing to a gentleman, when she was only making up her bazaar accounts. He then pulled the chair from under her and knocked her down.

Mr. Duggan, before proceeding with the cross-examination of the complainant, stated that his wife used to stay in the refreshment room below the place where they lived till 11 or 12 o'clock at nights, and that when asked to come upstairs, she replied that it was none of his business if she stayed down. He denied that he had struck her, and stated that he had observed a too great intimacy between her and a Parsee downstairs. The complainant had refused to leave the place with him, and consequently he had taken the children away. His wife had used most dirty and filthy expressions to him.

The magistrate regretted that there should be such unpleasantness between man and wife. He pointed out that, with one exception, the complainant had not taken care to serve summonses on her witnesses to corroborate her statements, and in their absence he could do nothing but dismiss the case.

Mrs. Duggan.—Perhaps I can appeal to another court?

The magistrate.—You can appeal to any court you like.

Mrs. Duggan.—Very well. Good morning.

She then left the court, muttering, "I have not met with such a queer man. Mr. Ryan is a gentleman."

BOMBAY PORT TRUST.

EXCERPTS from the proceedings of a meeting of the Trustees of the Port of Bombay held on the 2nd instant.

MISADVENTURES OF A SHIP IN LEAVING HARBOUR.

Read letter from the Port Officer, dated 19th July, relating the misadventures of the American ship Sunrise, while being taken to sea in pilotage charge of Mr. Mathews, 3rd grade pilot. He reports that the vessel at one time was in a dangerous position off Tulloji Pier, which was the opinion of a most cruel kind, and increasing opportunities for corruption among the native police. To this memorial we replied (copy of reply enclosed) that we regarded with respect the representation of Mr. Mathews as no respecter, on a subject of social and moral importance, but that their objections and arguments had been fully considered when the Act was passed, and that in applying an Act already in force in Calcutta and Madras, we should adopt measures to protect those concerned from oppression, and to prevent annoyance to respectable persons.

2. We accordingly instructed the Commissioner of Police to be careful not to interfere with or attempt to register women in the position of mistresses of wealthy persons or kept women, and that the persons whom we desired to have brought under inspection by the Act were the common prostitutes who were the principal sources of contagious disease. We may here inform your lordship that the comparatively small number of women as yet brought on the registers proves that our instructions have been most strictly obeyed; and that our Surgeon-General has reported that since the reintroduction of the Act no complaint has been made against any police officer in the execution of his duty, and that from personal inquiries he has assured himself that the women subjected to medical examination express no repugnance or sense of oppression, but on the contrary, show a cheerful acquiescence in the measures taken for the eradication of disease. In order to assist the ordinary police in performing the duties imposed upon them by the rules subsidiary to the Act, we have sanctioned the entertainment of a special establishment of an inspector, four clerks, and ten constables.

10. The financial difficulty, we have continued to be the chief obstacle to our proceedings. In August, 1880, the Government of India by a majority (a considerable minority being in favour of sanctioning the grant of Rs. 15,000 towards the expenses of the lock hospital) "that the Corporation of Bombay decline to contribute towards the cost of the working of the Contagious Diseases Act in Bombay, but when the finances of the Municipality admit of it, the Corporation will be prepared to contribute Rs. 15,000 per annum for the mitigation of disease."

Resolution.—The recommendations of the Land Committee are approved; the cost of the water tanks, Rs. 1,044, to be charged to revenue.

CARRIAGES AT THE DOCK.

Read memo. from Dock Superintendent, dated 10th July, forwarding police report on a accident at the dock, whereby a labourer was knocked down by a carriage passing along the wharf, and intimating that the magistrate recommended that notices should be posted at the dock to the effect that carriages must not proceed at a walking or such other slow pace as would enable them to pull up at a moment's notice. Read minutes of members of Dock Committee. They recommend that the following notice be put up at each of the dock gates in English, Guzratti, and Mahratti:—"Carriages must go at a slow pace when in the dock. They must pass behind the transit sheds, and not along the wharfs, except along the jetty when its shed doors are closed;" and that a corresponding addition be made to the dock bye-laws to enable the orders to be enforced.

Resolution.—The recommendations of the Dock Committee are approved and should be acted upon. Dock Bye-law No. 53 should be altered by the insertion of the words "and carriages" between the words "carts" and "within" in the first line.

THE PORT OFFICER.

Read letter from the Port Officer, dated 2nd August, forwarding an application addressed to the Secretary to Government, Marine Department, for three months' privilege leave to Europe from 15th instant, and asking that it be submitted to Government with a recommendation from the Trustees that the leave be granted.

Resolution.—The application should be forwarded to Government with a recommendation that the leave applied for be granted.

MISCELLANEOUS.

Read letter from the Dock Superintendent, dated 17th July, stating in reply to an inquiry made that in his opinion it is not necessary to continue the remission of overside charges on Mauritius sugar and dock dues on lighters conveying it, as vessels with Mauritius sugar are not now using the dock. Read minutes of members of Dock Committee, recommending that the remission should be continued for another six months.

Resolution.—The exemption may be continued for another six months.

Read letter from the Resident Engineer, dated 25th April, applying for sanction to the temporary employment of two extra draughtsmen at Rs. 80 per mensem each, two lascars at Rs. 12 per mensem each, and one clerk at Rs. 15 per mensem, and explaining the necessity for their employment. Read memo. from Resident Engineer, dated 16th July, stating that the actual expenditure has been Rs. 364-12-11, for which sanction is required.

Resolution.—The sum of Rs. 364-12-11 is sanctioned for temporary establishment.

The following were amongst the papers laid on the table:—

Statement of toll on carts collected at Mahim and Sion on behalf of the Municipality, from 2nd to 29th July. It amounts to Rs. 373-6.

THE SECRETARY OF STATE AND THE POLICE GRANT.

WE quote the following additional papers from the blue-book on the subject of the difference of opinion between the Bombay Government and the Secretary of State regarding the C. D. Act and the application of Rs. 15,000 a year of Municipal funds, against the protest of the Municipality to the maintenance of a lock hospital in Bombay. Replying to a request from Lord Kimberley, conveyed in a despatch dated April 14, 1881, that he might be "furnished with a complete statement of the action of your Government in the matter, and of the reasons which have led to your taking that action," the Government of Bombay wrote on 7th March, 1881:—

My Dear Marquis,—We propose in this letter to furnish, as requested in your lordship's despatch No. 14 (Statistics and Commerce), dated 14th April, a complete statement of the action of our Government in regard to the re-introduction of the Contagious Diseases Act in the city of Bombay, and of the application of Rs. 15,000 a year of Municipal funds, against the protest of the Municipality to the maintenance of a lock hospital in Bombay. Replying to a request from Lord Kimberley, conveyed in a despatch dated April 14, 1881, that he might be "furnished with a complete statement of the action of your Government in the matter, and of the reas

ule the local Government in 1881. But when our opinion was asked by your Lordship's predecessor, we had no hesitation in informing his Lordship that in our view the reduction of the grant was not only unfair to the Municipality, but was in violation of the understanding come to with the Government of India that the grant should be regularly continued.—We have, &c.,

RIPON. T. F. WILSON.
D. M. STEWART. C. P. ILBERT.
J. GIBBS. T. C. HOPE.
E. BARING.

The following is Lord Kimberley's final despatch on the subject to the Government of Bombay, dated May 3, 1883 :—

Sir,—I have considered in Council your Excellency's letter, dated 19th January last, No. 1-16 (Confidential), asking for a reconsideration of the instructions conveyed in my predecessor's despatch of 29th October 1882, No. 28, relative to the retrenchments made by your orders during the past three years, from your contribution towards the cost of the police of the city of Bombay, on account of certain expenses incurred in connection with the working of the Contagious Diseases Act.

2. Having given the subject most careful reconsideration, I have come to the conclusion that although the proceedings of your Government in the matter were open to objection, yet, as your action was that which you conceived to be best for the public interest, and was taken as being within the powers which a local Government possesses of dealing with provincial expenditure, those proceedings were not of a nature to call for so strong a measure as is involved in an injunction to refund the sums already retrenched from the police grant.

3. This injunction therefore I have determined to withdraw. But, pending final decision of the question of the enforcement of the Contagious Diseases Act in Bombay, which I understand is still under consideration, I must still adhere to the view of my predecessor in Council, that it is not advisable to make a deduction from the police grant to the Corporation for purposes connected with that Act, and I am therefore of opinion that the grant should now be restored to its former amount.

4. I desire that the Bombay Municipal Corporation may be informed in accordance with the purport of this despatch, with reference to their memorial to my predecessor, dated 8th June 1881, and to para. 3 of Lord Hartington's despatch No. 29, of 15th September 1881.—I have, &c.,

BENGAL.

THEFT OF REGISTERED LETTERS.—At the Fourth Criminal Sessions on the second instant, Soorchurn Koormee and Poran Putnee, were charged—the first prisoner with the theft of two registered letters in his capacity as Post Office peon ; and the second prisoner with abetting him in the offence. Prisoner No. 1, who pleaded guilty to the charge, was sentenced to five years' rigorous imprisonment. As regards the prisoner Poran Putnee, the standing counsel said there was nothing to show that he had committed any offence, and as no evidence was offered against him, his lordship ordered his discharge.—*Indian Daily News.*

ABSENCE WITHOUT LEAVE.—At the Calcutta Police Court, on 3rd inst., Captain Hampshire, Commander of the British ship Hudson, charged Charles Watson, belonging to the same vessel, with absence without leave since the 30th of July last. His Worship remarked that the defendant was bound to work on the ship until he obtained his discharge, and defendant not having done so, he would sentence him to suffer one month's rigorous imprisonment, and forfeiture of two days' pay and the costs of his arrest.—*Ibid.*

THE BOARD OF REVENUE.—The Hon'ble H. J. Reynolds will take Mr. Dampier's place at the Board of Revenue before rejoining the Legislative Council of India at Simla.—*Ibid.*

FATAL ACCIDENT ON THE HOOGHLY.—A fatal accident occurred on Thursday last on board the Anchor Line s. s. Karamania, resulting in the death of Mr. H. W. Mason, a leadsman, who was working under Mr. Pilot F. Ancell, on board that vessel. When off the P. and O. moorings, the crew being engaged in raising the main derrick boom, the guy rope of the boom got foul and slipped from its place, the result being that the boom fell, striking the deceased, who was running along the deck at the time, and killing him on the spot. No blame appears to attach to any one for the occurrence. Mr. Mason was a young man, without family.—*Englishman.*

FINE DESCRIPTIVE POWER.—A "Bengali" is contributing a series of "Reminiscences of the Egyptian War" to a contemporary, from which an up-country paper culls the following flowers of rhetoric :—As the ship cut through its breast in her rapid course the sound of the rising and falling of the small waves which she thereby heaved on both sides formed an entrancing song in which I heard many a hymn to the Almighty and the All Merciful ! That song made me forget my distant home and its dear loving inmates for a time. Indeed, it baffles all my descriptive power to convey to the minds of your readers some ideas of the scenes around,above, and below me : with what mad but divine delight my heart danced at their sight ; how, when after sunset I used to sit upon the roof of the ship, the sweetly bright effulgence of the full moon lit up the kingdom of the waters : how when the ship ploughed the still, blue sea, innumerable pieces of diamond sparkled in the moonlight upon the broad furrows. Why, I then used to forget even the existence of my native land, which poets have placed far higher than heaven. My little heart used to be maddened with the query, as my heart strings used to be struck in tune, and I burst forth into my favourite songs."

A CURIOUS CASE.—A European, residing in Howrah, managed to entice away a European girl, under 16 years of age, by a promise of marriage, when returning in the evening before last from a friend's house where she had been on a visit. The girl, believing the story of the young man in whom she seemed to have placed implicit confidence, accompanied him to his quarters where she waited for about an hour, but finding that the intentions of the man where not quite honourable, she left his house, and on arrival home, told her relatives what had happened. They proceeded to the house of the man and demanded satisfaction ; but as he has promised to marry the young lady next month, the matter has been settled.—*Statesman.*

MADRAS.

PYTHONS.—A correspondent writes to the *Madras Mail* :—"On the 29th ultimo, I and a friend were on a shooting trip in the forests of the North-west portion of the Coimbatore district. I had just wounded a spotted stag belonging to a herd, and in following him up through some thick jungle, was startled to hear the continuous cries of a spotted deer, as in great agony. I at once pushed forward, thinking it was the wounded stag, and on coming to a thicket from whence proceeded the cries, what was my astonishment to see a full grown spotted deer in the deadly coils of a large snake. I lost no time in taking a pot at the serpent (which, of course, I afterwards regretted, as I should have had an opportunity of witnessing the effect of the serpent's power on its prey, and in addition have secured the deer) hitting it and breaking its back, when it immediately uncoiled itself, letting the deer free, which got off, though badly wounded, as we afterwards tracked it to where it had lain down and bled a great deal. After considerable trouble I managed to secure the reptile and had it conveyed to my camp, where it lived for two days. On measuring the snake it proved to be exactly fourteen feet long by thirteen inches round the body, and weighed, I should fancy, (I had no means of weighing it) about sixty lbs."

RELIEF TO AGRICULTURISTS.—The Punjab Government has sanctioned the appropriation of Rs. 1,000 out of the Rs. 1,50,000, granted for the purchase of cattle in Gurgaon, as an advance to the Ahmas of Shahjehanpur, for the same purpose.—*Civil and Military Gazette.*

ADVICE TO MOTHERS.—Are you broken in your rest by a sick child suffering with the pain of cutting teeth ? Go at once to a chemist and get a bottle of MRS. WINSLOW'S SOOTHING SYRUP. It will relieve the poor sufferer immediately. It is perfectly harmless and pleasant to the taste, it produces natural quiet sleep by relieving the child from pain, and the little cherub awakes "as bright as a button." It soothes the child, it softens the gums, allays all pain, relieves wind, regulates the bowels, and is the best known remedy for dysentery and diarrhœa, whether arising from teething or other causes. Mrs. Winslow's Soothing Syrup is sold by Medicine dealers every where at 1s. 1½d. per bottle. Wholesale by the Anglo-American Drug Company, Limited, 33, Farringdon Road, London.

H. T. KIRBY & CO.'S PHOSPHORUS PILLS
FOR NERVOUS DEBILITY, NEURALGIA, AND OTHER DEPRESSED STATES OF THE NERVOUS SYSTEM.

THE Restorative Power of Phosphorus is most remarkable, and cures are effected by these preparations in cases that have resisted all other medicines. In these forms it is as harmless as Quinine and far better in its inspiriting action.

SIMPLE PHOSPHORUS PILLS (No. 1.)
EACH CONTAINING A PROPER DOSE OF PHOSPHORUS.
This pill is taken as a stimulant and affords considerable relief when the system is jaded and worn by unusual strain or temporary nervous exhaustion. In cases of despondency and grief its exhilarating and energizing effect is most marked.

PHOSPHORUS AND QUININE PILLS (No. 3.)
EACH CONTAINING A PROPER DOSE OF PHOSPHORUS AND QUININE.
This is a valuable Restorative. It acts as a nutrient and tonic to the entire nervous system, giving power to the brain and spinal cord and to the functions presided over by them. It gives tone to the digestive organs and improves the condition of the whole body.

PHOSPHORUS AND NUX-VOMICA (No. 6.)
EACH CONTAINING A PROPER DOSE OF PHOSPHORUS AND NUX-VOMICA.
This pill is specially useful in a tonic Dyspepsia, Lowness of Spirits, and habitual constipation arising from overwork. It is a useful stimulant also in cases of functional impotence occurring in prematurely aged and debilitated subjects.

PHOSPHORUS AND CINCHONIDINE (No. 26.)
EACH CONTAINING A PROPER DOSE OF PHOSPHORUS CINCHONIDINE AND PODOPHYLLIN.
A useful tonic and antiperiodic taken with great advantage in malarious diseases, ague, and remittent fevers, torpid liver, and enlarged spleen. A valuable remedy in cases when the system has been habituated to Arsenic and Quinine, and especially adopted for persons residing in India and other tropical climates.

COMPOUND PHOSPHORUS PILLS WITH NUX VOMICA (No. 27.)
EACH PILL CONTAINING A PROPER DOSE OF PHOSPHORUS, REDUCED IRON, QUININE, AND NUX-VOMICA.
This is an invaluable remedy for nervous diseases characterized by Debility, Poverty of Blood, and loss of Nerve Power. It cures Neuralgia, Nervous Exhaustion, Lowness of Spirits and other manifestations of Nervous Exhaustion very rapidly. Brain workers, Clergymen, Professional and Busy Commercial Men who are habitually overwrought derive great benefit from a course of this combination of tonics. For convalescents from fevers and other exhausting diseases this RESTORATIVE is superior to all others.

CAUTION.
Messrs. H. T. Kirby and Co. have to cautioned Medical Profession and the Public against several imitations of their well known preparations.
